

Anton Ranestam, Designer

Resumé

Introduction

My name is Anton Ranestam and I'm a designer with a passion for the web & all things design. I have a thing for the obscure like old Japanese art and Russian prison tattoos. I've worked with clients like Malmö FF, Tetra Pak, Zlatan Ibrahimovic, ESS, Region Skåne.

I graduated Cybergymnasiet in 2012 and right after that I landed an internship at Odd Hill, where I worked for 4 years before moving to Berlin to continue my design career at Ming Labs.

As of now I'm back in Sweden doing awesome projects with great people.
